

Century Lens Accessories for Panasonic AG-HPX170 & HMC150

The renowned Century Pro Series HD professional add-on lenses are designed to help you shoot wider, reach further, and move in closer than the lens on the 170/150 alone allows. The superb optics are designed to produce the best professional images. These extraordinary add-ons minimize chromatic aberrations and unwanted distortion and produce images that are ultrasharp edge-to-edge. Century front-mounted accessories interface directly with the camcorder's lens via a secure locking bayonet mount. So mounting and removing is quick, easy and safe.

.6X HD Wide Angle Adapter

OHD-06WA-AG

Lightweight and cost-effective, the .6X HD Wide Angle Adapter increases coverage by 40%. This professional optical tool yields a much wider angle of view with extremely low distortion. Partial zoom only.

.8X HD Wide Angle Converter

OHD-08CV-AG

The right tool for shooting situations that require both a wider angle of view and full zoom capability. Increases the field of view by 20% throughout the entire zoom range. This professional add-on lens produces crisp, high resolution images with low distortion and superior contrast edge to edge.

Fisheye HD Adapter

OHD-FEAD-AG

Add the Fisheye to the front of your lens for a wider angle of view and a remarkable degree of barrel distortion with no vignetting. The Fisheye exaggerates depth, pulling nearby objects closer and causing distant objects to recede into the background. The Fisheye allows for partial zoom—but for the most pronounced effect, you'll want to stay at the wide end of the range.

Xtreme HD Fisheye Adapter

OHD-FEWA-AG

The broadest fisheye on the market, this eye-popping attachment offers an ultra-wide field of view along with pronounced barrel distortion. The highest grade optics produce a 160° horizontal field of view (180° at the corners). Rod support recommended.

1.6X HD Tele-Converter

OHD-16TC-AG

Extend the reach of your zoom without exposure loss. The 1.6X HD Tele-Converter is a front-mounted accessory that also provides greater telephoto reach. Use it to

instantly shift the focal length range of your camera in the telephoto direction. The perfect tool when it's inconvenient, dangerous or impossible to move as close to the subject as you would like.

Achromatic Diopters

OAD-7220-00,
OAD-7235-00

Available in +2.0 & +3.5 magnifications, Achromatic Diopters supply greater close-up range & magnification while maintaining zoom capabilities, without compromising image

quality. Ideal when you need to focus tightly on a small object—in tabletop, miniature and flat field videography. 72mm thread.

Bayonet Mount for a Secure & Perfect Fit

Mounting and removing accessories is so easy, it takes just a few seconds. Most Century adapters and converters interface directly with the bayonet mount at the front of the lens and require just one hand to lock and unlock with a simple twist. There's no threading and no jamming.

Century Add-ons for Panasonic AG-HPX170 & HMC150 Camcorders
